PRODUCT

Reel Audit station. Model FA99022

DATE OF TECHNICAL CONSTRUCTION FILE

23rd April 2001

ASSESSMENT CONCLUSION

The Reel Audit station, model FA99022 as described in the Technical Construction File dated 23rd April 2001, and submitted, is assessed as meeting the essential requirements of the EMC Directive No. 89/336/EEC when used within light industrial environments.

Assessor's report is contained in File Number LO 602727

Certified that the above assessment has been carried out to the requirements of the United Kingdom Statutory Instrument 1992 No. 2372 and Statutory Instrument 1994 No. 3080 and Statutory Instrument 1994 No. 3186 and the product conforms with the protection requirements of Council Directive 89/336/EEC on the approximation of the laws of the Member States relating to electromagnetic compatibility. The quality control arrangements adopted in respect of this assessment have been accorded with the conditions of our BS EN ISO 9001 registration.
